

INTRODUCTION

Equity Research Lab (SEBI Reg No. INA000002801 & An ISO 9001:2008 certified firm) offers Advisory tips which basically provide excellent Equity, Commodity and Forex Subscriptions. We give the best platform to secure business goal with our experienced research analyst team. Our fantastic research analyst team which offers an investor and exceptional service for clients and to make a very good business return.

ABOUT BUSINESS PARTNERSHIP

Equity research lab is providing business opportunity for the brokers & Sub-brokers in all the cities of India so that they can earn huge revenue based on their referrals payment and there will be more offers which will be provided by us. Technically there is no limit of earning.

[NOTE: The Number shouldn't be existed in our CRM system.]

HOW WE WORK

The brokers have to refer client details to us. (Your provided data will stay confidential with us and we'll not going to disclose any of your provided data to the client or any other.)

After that; we convince clients and provide them tips and recommendation regarding stock market.

If the client pay us we will provide 10% Commission to the broker ((I.e. 75000 x10/100 = 7500) | 7500/- will be your part of commission & If the amount exceeds One-shot payment of more than 1Lakh your commission will be 15%. (I.e. 125000 x 10/100 = 18750/-) |18750/- will be your part of commission of the total receivable amount & this process will be continued in every payment as mentioned in the above example. Apart from this if a new client of any city wants to open his/her D-Mat account then that city broker should be referred by us for D-Mat opening. In short broker will get new client as well as his/her commission from us.
